Homework

Math Go Math! Standards Practice Book, pages P

Literacy Read 20 minutes (or more!) every night. (We start at 10 minutes and work up to 20 independent reading minutes by mid-year)

Pick Three Complete **any 3 tasks** from the grid below. Feel free to complete tasks with a paper and pencil or type them and send in via email. **Attach all work to this paper with a staple.**

Sight Words

I introduce 4-6 sight words each week based on common spelling or vowel patterns. Students are given a variety of choices to reinforce sight word reading automaticity and spelling.

Sentences

Use your sight words in sentences. Challenge: can you use more than 1 of your words in a sentence?

Email

Type your sight words and email them to your teacher.

Word Hunt

Look for sight words in your take home book. How many sight words can you find?

Puzzle

Write your sight words. Cut between each letter to create puzzle pieces and glue them back together again.

Newspaper

Look for sight words in the newspaper or a magazine. Circle or highlight the words.

Raz Kids

Circle what you did!

I listened to a story.
I read a story.
I took a quiz.
I recorded my reading.

Create

Make your own sight word puzzle at

Outside

Write your sight words in chalk on your driveway. Send a picture to your teacher!

Add Color

Write your sight words using red for vowels and blue for consonants.
